

2023 Session IN General Assembly February 3, 2023 Bill Tracker

First Session of the 123rd Indiana General Assembly

The Indiana General Assembly has been conducting business for four weeks and moving fast. Bills dealing with the needs of better public health and Senate Bill 4 would provide new funding to local health departments to expand core services. On our Tracker, HB 1639 Watershed Commissions and HB 1304 Watercraft registration fees, were heard on Wednesday in the House Natural Resources Committee, both passing out unopposed. However, IASWCD and others gave testimony offering additional improvements as the Bills now move on. Please continue contacting members of the House Ways and Means Committee that represent your District to support our increased funding request for Clean Water Indiana in HB 1001 State Budget Bill. Click on the sites below for helpful information of committee members and schedules. And if any of the other Bills on our Tracker are of interest or impacting you, please let me know how and why.
