**Farmers for Soil Health** is a new national collaboration in partnership with the Soy Checkoff, Pork Checkoff and National Corn Growers Association to create a farmer-led cover crop program that advances the use of soil health practices, meets sustainability goals and improves farmer profitability.

We are looking for a Farmers For Soil Health Technical Assistance Provider that is innovative in building soil health on their own farm and/or has demonstrated experience helping other farmers implement cover crops. This person will be experienced in talking with other farmers in peer-to-peer situations. They must be willing to travel to farmers to provide on-farm assistance, as needed. In addition, Farmers For Soil Health Technical Assistance Provider will be comfortable navigating websites and data entry/program enrollment online forms using a cell phone, Ipad, tablet or laptop computer, and has demonstrated experience in keeping electronic data records.

### Scope of work:

---

This is an opportunity to share your soil health knowledge and expertise with other farmers seeking help and funding. You will have access to trainings, data and information from the country's leading experts like Soil Health Institute.

- Respond to landowner inquiries about nutrient management, cover crop, and soil health management.
- Assist landowners in enrolling for Farmers for Soil Health financial assistance.
- Maintain working knowledge of other programs and technical assistance available to farmers
- Option to attend farmer workshops, field days and virtual meetings.
- Maintain accurate records of farmer engagement numbers.

This is a contracted position eligible for renewal annually through April 30, 2027.
